

Dear Builder,

Thank you in advance for taking time out of your schedule to read this letter and review the material enclosed in this folder. It contains information on the many products and services that our company provides under the parent company name of Construction Resources, Inc.

Atlanta Marble Manufacturing, Inc. is one of the largest cultured marble and cast polymer companies in the southeast. We offer a diverse product line including custom cultured marble, cultured granite, and cultured onyx vanity tops, shower pans, shower walls, and a full line of quality whirlpool tubs.

Atlanta Kitchen, Inc. is a leading provider of granite, natural quartz and solid-surface counter tops in the Atlanta region and beyond. Our extensive inventory of more than 2,000 slabs, coupled with our quick lead times and state-of-the-art equipment, guarantees you quality fabricated counter tops with fast turnaround times at a competitive price. In addition, we also provide professional and experienced installation of every counter top we fabricate. To serve you even better, we have recently expanded our granite and quartz fabrication shop as well as relocated our solid-surface division to a larger building enabling additional fabrication and production space.

Atlanta Glass & Mirror, Inc. has become the perfect compliment to our previously existing companies. We are a full-service provider of mirrors, shower doors, frameless glass enclosures, ventilated shelving and closet systems, door locks, bath hardware, exterior shutters and screens, and other accessories for the home. We have an experienced installation staff with extensive product knowledge and a propensity to conform to the needs of any builder.

International Bath Corporation is our acrylic division who specializes in the production of quality acrylic whirlpool tubs, soaking tubs and shower bases. We offer over 45 different tub styles as well as a diverse selection of standard shower bases. In fact, our full line of tubs now includes our Luxury Series Whirlpool Tubs which combine the use of air jets and water jets for the ultimate bathing experience. International Bath Corp. has greatly improved our ability to offer the builder and consumer an even wider variety in whirlpool and tub choices for the bathroom.

Atlanta Garage Doors & Fireplaces, LLC is our newest venture to fall under the products and services of Construction Resources, Inc. We are involved in the turn-key installation of gas and wood burning fireplaces, fireplace mantels, fireplace surrounds, as well as overhead garage doors and carriage doors. We believe Atlanta Garage Doors & Fireplaces, LLC adds yet another layer of products and services we offer to the building community enhancing our existing line of specialty offerings.

With the inception of Construction Resources, Inc., our goal has been to provide the residential and commercial builder / remodeler with a “one-stop” shop for his or her kitchen, bath and specialty needs. Our sales staff is the best in the business and has the ability to provide over 50 products from the previously listed companies. This diversity allows the builder or remodeler to simplify their ordering, scheduling and vendor process by dealing with one salesperson and company rather than four or five salespersons and several different companies.

Construction Resources, Inc. first opened its doors as Atlanta Marble Manufacturing, Inc. in 1970 has since grown to include nine companies located in three states and take pride in all of our products we fabricate and install. We have recently expanded our Florida Bath & Surfaces division to include locations in Santa Rosa Beach, FL, Jacksonville, FL and Tallahassee FL. and also expanded our operations in Decatur, GA. with the acquisition of another building at 196 Rio Circle, which serves as headquarters of Construction Resources, Inc. and the solid-surface division of Atlanta Kitchen, Inc.

Our Decatur, GA. facilities encompass over 245,000 sq. ft. of manufacturing and fabrication space and we have one of the largest fleet of service and installation vehicles in the industry. We are open Monday through Friday 8:00 AM – 4:00 PM. And have showrooms located in Decatur and Alpharetta, GA.

Thank you again for your time and we appreciate the opportunity to earn your business!

Sincerely,
